Sir:

Pursuant to 37 C.F.R. §§1.97 and 1.98, applicants respectfully request that the documents listed on the accompanying PTO 1449 be considered by the Examiner and made of record in the above-referenced application. Copies of the documents listed are enclosed.

Several of the listed patent documents have been cited on the International Search Report for International Patent Application No. PCT/EP02/02558, of which the present application is a continuation. A copy of the International Search Report is also enclosed, which indicates the possible relevance of each document cited therein.

Copies of foreign language references EP 0 561 761, EP 0 677 548, and EP 0 921 150, are enclosed herewith. Each reference is also accompanied by a copy of an English language abstract.

Also enclosed is a copy of U.S. Patent No 5,252,649, which corresponds to foreign language reference, EP 0 524 164.

Identification of the listed documents is not to be construed as an admission of the applicants or attorneys for applicants that such citations are available as "prior art" against the subject application. If the Examiner applies the documents as prior art against any claim in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of the documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

Respectfully submitted,
